

PAPER SESSIONS & ANNUAL CONFERENCE SUB-COMMITTEE (PSACS)

- Create a formalized Program related to Road Safety for TAC Conferences (Paper/Poster sessions, Panel Discussion, Training, etc.). Work closely with the Workshop and Knowledge Development Subcommittee in this regard as well.
- Support Other Standing Committees/Task Forces on Safety Themes relevant to Annual Conferences
- Facilitate abstract and paper review topics to connect with Annual TAC conference themes and ensure current relevant Road Safety Topics and quality of presentations and topics are incorporated into Annual Conferences
- Support Road Safety awareness across Canada, through on-going collaboration with the RSSC membership and other monitoring of world-wide industry research and development (with focus on promoting interest in presenting Road Safety Topics at annual TAC conferences).
- Create ongoing interest in annual conferences for Road Safety education, training and awareness

SUB-COMMITTEE COMPOSITION

- Co-Chairs will lead the effort and will canvass additional members to join the sub-committee, as part of session abstract and session reviews.

SUB-COMMITTEE MEETINGS

- It is anticipated that communication among PSACS members will be on an on-going basis, and achieved primarily through e-mails and conference calls in support of Annual Conference requirements.
- Additional in-person meetings may be called at the discretion of the RSSC Chair/Executive and/or the PSACS membership as required in connection with the Fall and Spring RSSC face to face meetings.
